### MX-5 Cup PDR Setup Tips

ChaseCam is proud to be a part of the SCCA Playboy Mazda MX-5 cup. Please use the below info as a quick-setup guide in conjunction with the 2010 MX-5 Camera Requirements.

- Set Time and Date (per 3.5.6.1)
  - Select: MENU / SETUP / SET DATE AND TIME
  - Use arrow keys to move between fields (Left/Right) and adjust date/time (Up/Down)
  - Press MENU to save adjusted date/time
- Display Time and Date on video (per 3.5.6.1)
  - Select: MENU / FEATURES / ON SCREEN DISPLAYS / TIME DISPLAYS
  - Toggle first field (by hitting select button) until it says SHOW DATE AND TIME
  - Adjust other features as desired (frame count, black background, location)
  - Use the "2" button to toggle display on/off (Note: the line above the "2" button will read TURN OFF DISPLAY when the time display is ON)
- Changing file names (per 3.5.6.6)
  - NOTE: When changing file names, it is recommended to make sure all files have been removed from the CF card via a computer (either delete all or format card)
  - Select: MENU / SETUP / FILE NAMES
  - Use arrow keys to move between fields (Left/Right) and adjust file name/number (Up/Down)
  - Press 'select' to save new file name
